SAINT LUCIA EXCURSIONS, TOURS & ACTIVITIES

‘Browse through the pages of this guide and discover the excursions, tours & activities that will help you discover why Saint Lucia is such a unique holiday destination’

Introducing Saint Lucia

Your arrival in Saint Lucia presents you with a beautiful landscape of mountains, rainforest and pristine beaches and your long sun soaked days can be filled with adventure, culture, romance and relaxation.

The capital city is Castries, which has a metropolitan feel and here is located the main post office, duty free shopping, the Cathedral, Fort Charlotte, Government House and the harbour. Vigie Beach, Choc Beach and La Toc Beach are nearby as well as the main towns of Rodney Bay and Gros Islet.

The towering majestic Pitons are a tourist draw and these two volcanic plugs rise to nearly 800m high and can form part of a hike that will usually take 3-6 hours each way. The drive-in volcano is situated in

Soufriere and the popular mineral baths, sulphur springs, Diamond Falls and Botanical Gardens are not to be missed.

Reduit Beach, possibly Saint Lucia's most beautiful beach and the Rodney Bay Marina is to be found in Rodney Bay along with a wide variety of shops, bars and restaurants.

Pigeon Island, a 44-acre National Park, is joined to the mainland by a man-made causeway and here you can explore the 18th century British Fort and Fort Rodney.

To make the most of your holiday, honeymoon or wedding in Saint Lucia we recommend that you browse through the pages of this guide and discover the excursions, tours & activities that will help you discover why Saint Lucia is such a unique holiday destination.

‘Our Planet, St Lucia’s new multi-million dollar attraction which gives all its profits back to the island’

Our Planet Centre

This is your chance to discover the new multi-million dollar Our Planet Centre, an attraction with a partnership with NOAA/NASA which allows you to discover the natural wonders of Saint Lucia and the planet we live on and which donates all its profits to fund local environmental programmes such as recycling and wildlife conservation.

In this sophisticated and highly rated Centre, you can view Earth as if from space on a sphere installed by the National Oceanic and Atmospheric Administration and NASA, enter the Immersion Zone on a journey through Our Planet’s past, or even experience extreme weather events in the special effects theatre. You can see a kaleidoscopic view of life in the Mirrorsphere, play the Iguana Game, send e-postcards home or programme your own hurricane in the Hurricane Game.

You’ll also "meet" some dedicated local St Lucians – listen to some words of wisdom from the Governor General of St Lucia and hear from four local conservationists what they are doing to rise to today’s environmental challenges. After your guided 1.5 hour tour, you can visit the Our Planet shop with its local arts and crafts, have a hot or cold drink or savour one of Our Planet’s home made ice creams made from local fruits and spices which are becoming an attraction in their own right!

Located right in the heart of Castries, if you want to combine your visit with a walk in the town, Our Planet has just produced a walking guide to Castries which you can pick up for a small fee from the ticket desk on your way in or out and which will tell you about the main features of the city and its history.

'Where better to go snorkelling, water skiing, sailing, or on a breathtaking sightseeing boat tour than St. Lucia?'

Saluna Watersports & Tours

For those who wish to have fun or take water sports seriously, Saluna Watersports on Reduit Beach, Rodney Bay, provide the opportunity with boat tours, day trips, water skiing, sailing and snorkeling. Full instruction is provided along with supervision if needed or just the equipment for those who have experience.

Saluna Watersports' powerboat tours are one of the most exciting and exhilarating ways to spend a day on Saint Lucia's waters. Sail along the dramatic coastline with views of the mountains, rainforest and valleys, visit remote beaches lined with swaying palms, snorkel and fish or just sunbathe in style.

This unique tour concept provides a mix of boat tour with day trip events based around Soufriere. Visit the drive-in volcano, Sulphur Springs and warm

mineral waterfalls with further details available on the Saluna Watersports' website.

'All our captains are "hooked" on fishing- just try to drag'em home without a catch!'

Hackshaw's Boat Charters

Having introduced charter boat fishing to the island some 60 years ago, Hackshaw's Boat Charters has unparalleled experience and knowledge of boating in Saint Lucia.

The fleet of boats available for charter includes three boats used mainly for sports fishing and a 64' double deck Catamaran for weddings, birthdays and other such functions.

St Lucia's waters are abundant with big game fish including Blue Marlin, Wahoo, Dorado, Sail Fish and Yellow Fin Tuna. Both the pro and novice can enjoy this exciting sport aboard tournament rigged boats with the very latest equipment.

Dolphin/Whale watching safaris are also a not to be missed magical experience. With 25 varieties of these magnificent mammals including 45ft Sperm, 20ft Pilot

and 60ft Humpback whales along with large pods of Dolphins this a great tour to join or customise with a private charter.

'All our captains are "hooked" on fishing- just try to drag'em home without a catch! After all, we had the grandfather of all fishermen "Big Bill" as our mentor!' – Chris Hackshaw, Hackshaw's Boat Charters.

‘Sandy Beach is one of the best wind and kite surfing locations in the Caribbean’ – Jolien, The Reef Kite + Surf Centre

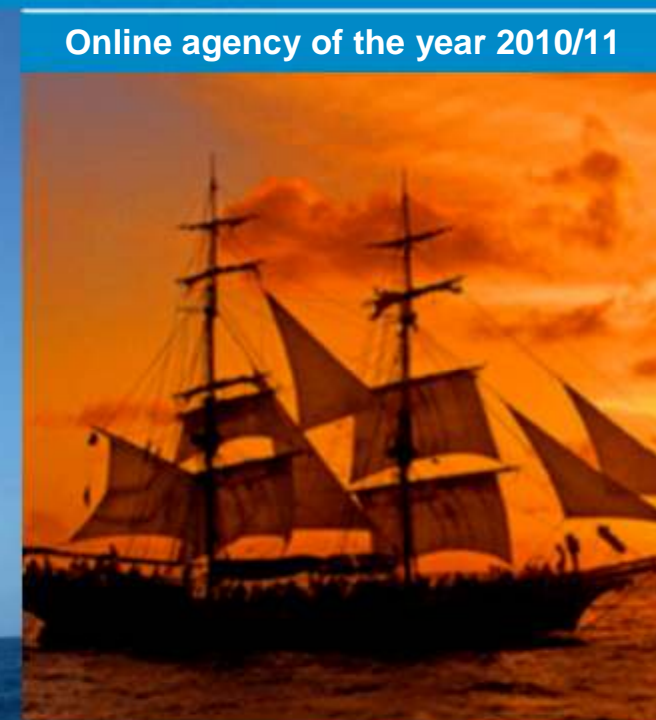

The Reef Kite + Surf Centre

The Reef Kite + Surf offers wind and kite surfing at Sandy Beach, Vieux Fort, in the south of the island, as well as sit-on-top kayaks and Stand Up Paddle Boards. Providing lessons in windsurfing and kite surfing for all levels, from zero to hero, with a wide range of high-quality equipment for rent also.

Sandy Beach is one of the best wind and kite surfing locations in the Caribbean, with strong, steady cross-shore winds from the left. It's a really safe spot, as the beach curves gently into the wind on the downwind end of the bay, so if anything happens (and the safety boat doesn't get there first), you always end up back on the beach. Situated well away from the coral reefs, there is nothing sharp underfoot, no rocky areas, and the water is always warm at about 27 degrees Celsius (80 Fahrenheit). Most commonly used size kites here is 8m to 14m.

The Reef Beach Cafe & Restaurant is open 7 days per week, 8am - 10pm, Mondays until 6pm, with a nicely varied menu of Creole and international seafood, a range of fast foods (including home made pizza), fresh milkshakes, cappuccinos, cold beers and hot cocktails, with low prices, making it a really nice spot for non-surfing friends & family as well.

The visitor channel is the only television based information service on the island and a great source of local information that you can enjoy in the comfort of your hotel room, guesthouse, villa or private home.

Each short advertisement lasts between two and five minutes and present the viewer with a mix of interesting information that will help you enhance your holiday.

On island services featured include available activities, festivals and tours as well as information about the history and culture of Saint Lucia.

Target the activities that you wish to enjoy by tuning into the Visitor Channel when you arrive. You may also visit the visitor channel's website, which is a great

place to start planning your on island activities.

'The Visitor Channel offers a diverse mix of programs on activities & interest available to visitors including programs on history, culture, language, festivals, doing business, real estate, off island tours and cuisine' – A. Alexander, The Visitor Channel.

'Located in one of the Caribbean's most dramatic settings overlooking the surging Caribbean Sea, The Cliff at Cap Restaurant is one of the most highly sought after tables on the island'

The Cliff at Cap Restaurant

Overseeing the kitchen at the Cliff and Cap Restaurant, Welsh born Executive Chef Craig Jones, a St Lucian Chef of the Year recipient, brings an inspired French West Indian contemporary cuisine to the island.

Unobstructed views across the Caribbean Sea towards Pigeon Island in the west and Martinique in the north accompany your dining experience along with sunsets to die for.

The nouveau West Indian menu presents the bounty of Saint Lucia's fresh local produce & seafood and can be served with cocktails or a wine from the private wine cellar.

A special dinner for younger children is also available with a focus on non-processed organic foods, and children eat for free when dining with their parents.

The restaurant is open for breakfast through to dinner with a smart casual dress code.

'Located in one of the Caribbean's most dramatic settings overlooking the surging Caribbean Sea, The Cliff at Cap Restaurant is one of the most highly sought after tables on the island' – Matthew Hartmann, The Cliff at Cap.

'The food is not over the top, it is simple, tasty, well presented with mainly local and some French flavours'

The Coal Pot Restaurant

The Coal Pot Restaurant has been a family business since 1966 and boasts a waterfront setting in Vigie Marine, where the trade winds go through all year round and keep the open dining room breezy and cool.

Locally known as 'Chef LA', the Frenchman arrived in St Lucia over 14 years ago and was chef at The Great House Restaurant who received 'Best Restaurant of the Year' after 1 year. Chef Xavier moved to the Coal Pot when his mother-in-law retired and again won 'Best Restaurant of the Year' with his wife.

The menu is available to view on the website and we highly recommend that you call ahead to make your reservation and enjoy a romantic dinner, lunch or night out with your family.

The Coal Pot is open for lunch Mon-Fri 12pm-2:45pm and for dinner Mon-Sat 6:30pm-9:45pm.

'The food is not over the top, it is simple, tasty, well presented with mainly local and some French flavours' – Chef Xavier, The Coal Pot Restaurant.

'I have created a restaurant and bar with a warm ambience, friendly atmosphere and lots of charm'

Buzz Restaurant

As a restaurateur in St Lucia for the past 35 years, Par Bowden knows the secret to success having owned several notable establishments, and today you can enjoy a meal at Buzz in one of the dining areas or outside in the garden.

Charbroiled Steaks and sumptuous Baby Back Ribs are a hit with diners along with other specialities such as Lobster & Crab Cakes, herb crusted Rack of Lamb, Potato Crusted Red Snapper (fresh from the Caribbean Sea) and Parmesan Crusted Chicken on a bed of Fettuccini Alfredo. Buzz is also one of the few restaurants catering for vegetarians.

Moroccan Spiced Lamb Shanks have been added to the regular menu by popular demand and if you fancy something local you can enjoy the Pepper Pot or Seafood Creole along with a cocktail or two!

The menu can be viewed on the website, dress code is casual and Buzz Restaurant and bar is open nightly from 5pm except Mondays.

‘Chef Jacques offers an exciting and fresh menu from the Mediterranean region of his home country France, with a Caribbean twist using fresh local ingredients wherever possible’

Jacques Waterfront Dining

Jacques Waterfront Dining is one of St. Lucia's most popular restaurants, with a long-standing reputation for consistency in both the quality of the food and the service with which it is delivered. Recently re-located, this intimate and elegant waterfront restaurant is set within the main tourist area of Rodney Bay with superb uninterrupted views of the marina and hills beyond.

Chef Jacques offers an exciting and fresh menu from the Mediterranean region of his home country France, with a Caribbean twist using fresh local ingredients wherever possible. Besides the regular lunch and dinner menus, Jacques very often features specials such as lobster when it is available. Jacques also offers outside catering and is the caterer of choice for many weddings and special events.

The restaurant is open for lunch and dinner Monday to Saturday. In the high season, on Sundays Jacques offers a Mediterranean Brunch, featuring the David Bode Trio, an interesting mix of Saxophone, Bass and Steel Pan playing soft background Jazz.
